Dear Ms. Niizawa,

Enclosed please find the revised Title page, Table of Contents, and Section D & H of your Title V Facility Permit. The revised sections reflect the approval of a De-Minimus Significant Permit Revision of the Title V permit. The South Coast Air Quality Management District issued a draft permit for Environmental Protection Agency (EPA) review on April 02, 2013, and no comments were received from the EPA. No Public Notice was required for the Revision.

Revision to the Section D & H includes the revised permits as shown below:

## SECTION D: PERMIT TO OPERATE

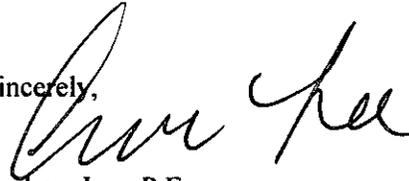

Appl. No./Permit No.	Equipment	Description
456274/F83427	Landfill condensate and LCRS collection and storage system	Permit has been removed from Section D and is being superseded by A/N 499317.

If you have any questions concerning changes to your permit, or if you determine any administrative error, please contact Atul Kandhari (909) 396-2477, within 30 days of the receipt of your permit.
