NOTICE OF PROPOSED INITIAL TITLE V PERMIT

The South Coast Air Quality Management District (SCAQMD) is replacing the existing operating permits that were previously issued to the facility listed below with a new and more comprehensive permit as required by Title V of the federal Clean Air Act. This is an existing facility applying for an initial Title V permit.

3M Company - Monrovia

1601 S. Shamrock Ave.
Monrovia, CA 91016
Facility ID# 35188

Contact Person:

Bob Palmer
Plant Manager
1601 S. Shamrock Ave.
Monrovia, CA 91016

This is an existing facility applying for a Title V permit that manufactures coated materials. The facility operates a dual web coating and curing line, a cured coating stripping tank, and other supporting equipment. Volatile organic compound emissions from the dual web coating and curing line are vented to an air pollution control equipment afterburner.

As required by Title V of the federal Clean Air Act, SCAQMD will be reissuing existing permits in the form of a Title V permit. The Title V permit will contain all of the emissions limits and operating conditions contained in the previous permits and may include additional monitoring requirements. The new Title V permit will require additional recordkeeping requirements, mandatory reporting of any violations of permit conditions, and annual certification by the permittee that the facility is in compliance with the new permit. The permit will be enforceable by the SCAQMD, the federal government, and citizens.

The proposed permit is available for public review at SCAQMD, 21865 Copley Dr., Diamond Bar, CA 91765 and at the Monrovia Public Library, 321 S. Myrtle Ave., Monrovia, CA 91016. Information regarding the facility owner's compliance history submitted to the SCAQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the SCAQMD based on credible information, is also available from the SCAQMD for public review. For more information or to review additional supporting documents, please call Mr. Hamed Mandilawi at (909) 396-3275. Written comments should be submitted to:

South Coast Air Quality Management District
Coating, Printing, Plating, Military, and
Entertainment Operations Team
21865 Copley Drive
Diamond Bar, CA 91765-4178
Attention: Hamed Mandilawi

Comments must be received by May 28, 2013. The SCAQMD will consider all public comments and may revise the Title V permit in accordance with SCAQMD rules and regulations.

The public may request SCAQMD to conduct a public hearing on the proposed permit by submitting a Hearing Request Form (Form 500-G) to Hamed Mandilawi at the above SCAQMD address. The SCAQMD will hold a public hearing if there is evidence that the proposed permit is not correct or is not adequate to ensure compliance with regulatory requirements, and a hearing will likely provide additional information that will affect the drafting and/or issuance of the permit. Public hearing request forms and the schedule of public hearings may be obtained from the SCAQMD website at <http://www.AQMD.gov/titlev>. Requests for a public hearing are due by May 14, 2013. A copy of the hearing request must also be sent by first class mail to the facility contact person listed above.
