Subject: Los Angeles County Sheriff Department (ID 29411) – Title V Permit
Revision

Dear Mr. Rios:

The Los Angeles County Sheriff Department has proposed to revise its Title V permit by installing three SCR for the three existing boilers. The project is to achieve compliance with the 5 ppmv NOx emission limit of SCAQMD Rule 1146. This facility is a men's correction facility located at 441 Bauchet Street, Los Angeles, CA. The proposed permit revision is considered as a "De Minimis permit revision" to their Title V permit. Attached for your review are the permit evaluation and proposed Section D. With your receipt of the proposed Section D today, we will note that the EPA 45-day review period begins on April 11, 2014.

If you have any questions or need additional information regarding the proposed permit revision, please call Li Chen at (909) 396-2426.

Very truly yours,
