Mr. Gerardo Rios
Chief – Permits Office
U. S. EPA, Region IX
75 Hawthorne Street, Air 3
San Francisco, CA 94105

Dear Mr. Rios:

G.B. Manufacturing/California Acrylic Industries, dba Cal Spas (ID 2044) has proposed to revise their Title V permit by replacing an existing stucco spray booth with two stucco spray booths. Four additional applications were submitted to maintain an existing VOC emission limit for a group of equipment, including the two stucco spray booths.

This is primarily a fiberglass spa and hot tub manufacturing facility (SIC 3728), which also manufactures billiard table as well as stucco-covered barbeques, located at 1462-1481 Ninth Street, Pomona, CA 91766. This proposed permit revision as requested under Application Number 482924 is considered as a “minor permit revision” to their Title V permit. Attached for your review are the permit evaluation and draft permit for the proposed permit revision. With your receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period will begin on July 1st.

If you have any questions or need additional information regarding the proposed permit revision, please call Stacey Ebiner at (909) 396-2504.

Very truly yours,
