Mr. Charles Boehmke
Departmental Engineer, Solid Waste Management
Los Angeles County Sanitation Districts
PO Box 4998
Whittier, CA 90607

Subject: Transmittal of Final Title V Permit (Renewal) for Los Angeles County
Sanitation Districts (LACSD) – Palos Verdes (Facility ID 24520)

Dear Mr. Boehmke:

Enclosed is the final Title V Facility Permit Renewal for LACSD's Palos Verdes facility located at 26301 Crenshaw Blvd., Rolling Hills Estates, CA, which has been issued by the South Coast Air Quality Management District (AQMD). This Title V permit supersedes the previous Title V Permit issued by the AQMD to the facility listed above.

As with the draft permit, final permit reflects the inclusion of the following changes:

Section A, Facility Information

The Responsible Official Name and the Contact Person Name and Title have been updated.

Section D, Permit to Operate

This section includes updated Facility Wide Conditions for Rule 1150.1- Control of Gaseous Emissions from Active Landfills, which are requirements applicable to all equipment at the facility.

In addition to the above, the equipment list and conditions for individual permits have been updated/added, when necessary, to reflect the equipment remaining in operation and the new applicable regulatory requirements:

Application No.	Equipment Description	Description of Change
162584	LEACHATE/CONDENSATE TREATMENT	Removed since the equipment is no longer in operation.
220690	GASOLINE STORAGE AND DISPENSING FACILITY	Removed since the equipment is no longer in operation.
442941	BOILER (>10 MMBTU/HR) LANDFILL GAS	Removed since the equipment is no longer in operation.
422942	BOILER (>10 MMBTU/HR) LANDFILL GAS	Removed since the equipment is no longer in operation.
440825	LANDFILL GAS FLARING STATION	<ul style="list-style-type: none"> Condition No. 6 was added to comply with CAM requirements.

SECTION H, Permit to Construct

This section includes updated Facility Wide Conditions, which are requirements applicable to all equipment at the facility.

In addition to the above, the equipment list and conditions for individual permits have been updated/added, when necessary, to reflect the equipment remaining in operation and the new applicable regulatory requirements:

Application No.	Equipment Description	Description of Change
483598	LFG MICROTURBINE SYSTEM	Removed since the equipment will not be constructed.
483617	LFG FUEL CELL SYSTEM	Removed since the equipment will not be constructed.
483623	LFG FLARING SYSTEM	<ul style="list-style-type: none">• Condition No. 9 was updated to remove the reference to equipment that will not be constructed.• Condition No. 19 was added to comply with CAM requirements.• Condition No. 27 was updated to remove 40 CFR 63 Subpart AAAA reference from NMOC emission limit.
483625	LFG COLLECTION SYSTEM	Removed since the equipment will not be constructed.

Section I, Compliance Plan

Compliance Assurance Monitoring (CAM) application number was added to the list of approved plans.

Application No.	Application Description
526306	40 CFR Part 64: CAM Plan

Section K, Title V Administration

This section has been updated to include current applicable rules and requirements.

The draft copy of this permit was submitted to EPA Region IX for a 45-day review period (January 6, 2012 to February 20, 2012) and made available for a 30-day public comment period (January 6, 2012 to February 7, 2012). The AQMD did not receive any comments from EPA. Two public comment letters were received on the draft permit and have been addressed by AQMD.

Please review this facility permit carefully. If you determine that there are administrative errors in the permit, have any questions, or need additional information concerning this permit, please contact Charles Tupac of the Refinery and Waste Management Team at (909) 396-2684 within 30 days of the receipt of your permit.

Sincerely,

Jay Chen, P.E.
