Mr. Steven Turnbow
Vice President, General Manager
EME Inc./Electro Machine & Engineering
431 East Oaks Street
Compton, CA 90221

SUBJECT: Title V Facility Permit (Facility ID: 045938)

Dear Mr. Turnbow:

Please find attached the revised Title Page, Table of Contents, and Section D of your Title V Facility Permit. The revised sections reflect the approval of the permit revision requested in your Application No. 480194. The proposed permit revision was submitted to EPA for 45-day review on December 1, 2009. This permit revision includes the addition of two abrasive blasting cabinets, one abrasive blasting room, and a dust collector with HEPA filters venting the abrasive blasting systems. This revision also includes the modification of a sulfuric acid anodizing line, chromic acid anodizing line, passivation line and aluminum etch line as summarized in the Attachment.

Please review the attached sections carefully. Insert the enclosed sections into your Facility Permit and discard the earlier versions. Questions concerning changes to your permit should be directed to Mr. Shailesh Patel at (909) 396-2681.

Sincerely,

A handwritten signature in black ink, appearing to read "Fred Lettice", is written in a cursive style.

Fred Lettice
Senior Manager
Coating, Printing, Aerospace &
Metal Finishing Operations
