

**FACILITY PERMIT TO OPERATE
TESORO REFINING AND MARKETING CO**

SECTION I: PLANS AND SCHEDULE

This section lists all plans approved by AQMD for the purposes of meeting the requirements of applicable AQMD rules specified below. The operator shall comply with all conditions specified in the approval of these plans, with the following exceptions:

- a. The operator does not have to comply with NO_x or SO_x emission limits from rules identified in Table 1 or Table 2 of Rule 2001(j) which become effective after December 31, 1993.
- b. The operator does not have to comply with NO_x or SO_x emission limits from rules identified in Table 1 or Table 2 of Rule 2001(j) after the facility has received final certification of all monitoring and reporting requirements specified in Section I and Section G.

Documents pertaining to the plan applications listed below are available for public review at AQMD Headquarters. Any changes to plan applications will require permit modification in accordance with Title V permit revision procedures.

List of approved plans:

Application	Rule
474117	1123
474582	2002
476506	1173
<u>494845</u>	<u>1472</u>

NOTE: This section does not list compliance schedules pursuant to the requirements of Regulation XXX - Title V Permits; Rule 3004(a)(10)(C). For equipment subject to a variance, order for abatement, or alternative operating condition granted pursuant to Rule 5182, equipment specific conditions are added to the equipment in Section D or H of the permit.

Re: Rule 1472 Compliance Plan for Tesoro Los Angeles Refinery (ID: 800436)
Application Number: 494845

Dear Ms. Mueller:

The South Coast Air Quality Management District (AQMD) has reviewed the Rule 1472 Compliance Plan submitted by Tesoro Refining and Marketing Company on 12-31-08 for stationary diesel fueled IC engines located at the Los Angeles Refinery. The compliance plan is approved based on the information submitted in your plan application that indicates this facility has one engine group with an Engine Group Index of 1.0 or less. As such, this facility is not required to take any further action for this equipment located at the above address.

Please note that any emergency engine additions, modification to existing emergency engines, or relocation of the emergency engines will require a new Rule 1472 Compliance Plan application.

If you have any questions regarding this plan approval, please contact Mr. Thomas Lee at (909) 396-3138 or tlee1@aqmd.gov.

Sincerely yours,

Jay Chen, P.E.
