Dear Mr. Rios:

Subject: PurEnergy Operating Services, LLC (ID 132191) – Title V Permit  
Revision

PurEnergy Operating Services, LLC has proposed to revise their Title V permit under application no. 518579, by changing the status of the turbines at the plant to non-operated major NO<sub>x</sub> sources. The facility will be shutting the turbines down and removing the fuel lines to the equipment. This proposed permit revision is considered as a “minor permit revision” to their Title V permit. Attached for your review is the permit evaluation and proposed Section D. With your receipt of the proposed Section D today, we will note that the EPA 45-day review period begins on April 22, 2011.

If you have any questions or need additional information regarding the proposed permit revision, please call Mr. Marcel Saulis at (909) 396-3093.

Very truly yours,
