This is an existing facility applying for a revision to their Title V permit. The facility operates a municipal waste water treatment plant at this site. This revision is for a new natural gas ICE driving a water pump.

The AQMD has evaluated permit application #542796 filed by the applicant for modification of a natural gas ICE and determined that the equipment operation will meet all applicable requirements of air quality Rules and Regulations. As required by Title V of the federal Clean Air Act, the AQMD will revise the existing Title V permit of this facility to reflect the new equipment. The Title V permit includes all the emission limits and operating conditions imposed on the equipment. The facility is required to certify compliance with the Title V permit in addition to recordkeeping and mandatory reporting of any deviation of the permit conditions. A Title V permit is enforceable by the AQMD, by the federal government, and by citizens.

The proposed permit is available for public review at AQMD, 21865 Copley Dr., Diamond Bar, CA 91765 and at the Temecula Public Library, 30600 Pauba Road, Temecula, CA 92592. The proposed permit can also be viewed at www3.aqmd.gov/webappl/publicnotices2/search.aspx by entering the facility ID number. Information

regarding the facility owner's compliance history submitted to the AQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the AQMD based on credible information, is also available from the AQMD for public review. **Anyone wishing to comment on the issuance of the proposed permit should submit their comments in writing by June 14, 2013. Written comments should be submitted to:**

If you are concerned primarily about zoning decisions and the process by which this facility has been sited at this location, you should contact your local city or county planning department. For additional information, please contact Ms. Angela Shibata at (909) 396-2737 or by email at ashibata@aqmd.gov.

The public may request AQMD to conduct a public hearing on the proposed permit by submitting a Hearing Request Form (Form 500-G) to Angela Shibata at the above AQMD address. The public hearing request must contain all the information requested on the form in order for the AQMD to determine whether or not the request is valid or if a public hearing will be held. The public hearing request forms may be obtained from the AQMD by calling the Title V hotline at (909) 396-3013, or downloading from the internet at <http://www.aqmd.gov/permit/Formspdf/TitleV/AQMDForm500-G.pdf>. **Any request for public hearings must be submitted to the AQMD no later than May 29, 2013. A copy of the hearing request must also be sent by first class mail to the facility contact person listed above, at the same time.**

For your general information, anyone experiencing air quality problems such as dust, smoke or odors can telephone in a complaint to the AQMD by calling 1-800-CUT-SMOG (1-800-288-7664).
