Re: Proposed Significant Revision to Title V Permit (A/N 483616) for LA County Sanitation Districts (Palos Verdes) Facility ID# 024520

Dear Mr. Rios:

On December 4, 2009, the SCAQMD submitted for your 45-day review the proposed revision to the Title V Permit for LA County Sanitation Districts (Palos Verdes), located at 26301 Crenshaw Blvd., Rolling Hills, CA 90274. Since then, we have revised and reissued the public notice. We are enclosing copies of the revised notice and the revised permits for the microturbines and the fuel cell (pages 3 – 9). The revised permits reflect a change in condition No. 5 for the microturbine permit and addition of a new condition (No. 5) to the fuel cell permit. Please include this correspondence with the initial submittal for your review.

This request is being made via electronic submittal in order to facilitate your review. If you have any questions or need additional information, please contact Mr. Ted Kowalczyk at (909) 396-2592 or by email at tkowalczyk@aqmd.gov.

Very truly yours,
