Mr. Gerardo Rios
Chief – Permits Office
U. S. EPA, Region IX
75 Hawthorne Street, Air 3
San Francisco, CA 94105

Dear Mr. Rios:

Armstrong World Industries Inc. (I.D. 012155) has proposed to revise their Title V permit by modifying the tile grinding line, installing a new dust collector to vent the most of the equipment added to the tile grinding line, installing a new bulk bag unloading station, updating the permit description of a baghouse and repermitting the permit of an existing baghouse. This is a floor tile manufacturing facility (SIC 3996) located at 5037 Patata Street, South Gate, CA 90280. This proposed permit revision is considered as a “de minimis significant permit revision” to their Title V permit. Attached for your review are the permit evaluation and draft permit for the proposed permit revision. With your receipt of the proposed Title V permit revision on January 26, 2011, we will note that the EPA 45-day review period will begin on January 26th.

If you have any questions or need additional information regarding the proposed permit revision, please call Ed Muehlbacher (909) 396-2703.

Very truly yours,

A handwritten signature in blue ink that reads "Ed Muehlbacher for".
