Dear Mr. Rios:

The South Coast Air Quality Management District (SCAQMD) has completed its engineering review of the enclosed proposed Title V permit renewal application (A/N 533674) for City of LA, Terminal Island Water Reclamation Plant - Facility ID # 10245) located at 445 Ferry Street, San Pedro, CA.

The proposed permit also includes modification to one boiler as described below. Since the modification is to a smaller burner with no increase in emissions, the proposed modification is categorized as a Minor Revision.

Application No.	Equipment	Description
406262	Boiler (<=10 mm btu/hr) Dig Gas	PC converted to PO. Also, the burner manufacturer and the rating on the burner was changed (Minor Revision).

Enclosed are the proposed Title V Permit, the Statement of Basis, the permit applications, the permit summary, the engineering evaluation and the public notice letter for your 45-day review and commenting period. SCAQMD intends to publish a 30-day public notice and shall make the proposed renewal permit available for public reviewing in accordance with Rule 3006.

This request is being made via electronic submittal in order to facilitate your review. If you have any questions or comments or need additional information regarding this project, please call the processing engineer, Mr. Abdi Majidifar by email at amajidifar@aqmd.gov or by telephone at (909) 396-2449 prior to the closing date of the review period.

Sincerely,

Andrew Lee, P.E.
