SUBJECT: Title V Facility Permit Revision (Facility ID: 009668)

Dear Mr. Brown:

Please find attached the revised Title Page, Table of Contents, and Section D of your Title V Facility Permit. The revised sections reflect the approval of the permit revision requested in your Application No. 516964. The proposed permit revision was submitted to EPA for 45-day review on May 20, 2011. This permit revision includes the addition of an internal combustion engine, replacement of a film cleaner, issuing Permits to Operate to a carbon adsorber, regenerative thermal oxidizer, eight film cleaners and two wet-gate printers that were previously issued Permits to Construct, and removal of a film cleaner as described in Attachment 1.

Please review the attached sections carefully. Insert the attached sections into your Facility Permit and discard the earlier versions. Questions concerning changes to your permit should be directed to Ms. Azar Dabiri at (909) 396-2367.

Sincerely,
