RE: Title V Permit Comments for Bay Area Petroleum Refineries

Dear Ms. Cabral:

The Western States Petroleum Association (WSPA) is a trade association that represents the companies and other entities that conduct most of the petroleum-related operations in the western United States. These operations include production, transportation, refining, and marketing of petroleum and petroleum-based products.

WSPA hereby incorporates by reference the respective comments submitted by each of the five Bay Area refineries relative to their draft Title V permits, as noticed on the District's web site. Thank you for considering these comments, and for incorporating these requests for amendment into the permits prior to issuance.

Sincerely,

WESTERN STATES PETROLEUM ASSOCIATION
