Subject: Proposed De Minimis Significant Revision to Title V Facility Permit for Chevron Products Co.,
El Segundo Refinery (Facility ID #800030)

Dear Gerardo:

Enclosed for your 45-day review is the proposed revision to the Title V facility permit for Chevron Products Company (Chevron) located at 324 West El Segundo Blvd, El Segundo, California. The revision proposed under A/N 542540 is a de minimis significant revision and a public notice is not required.

The South Coast Air Quality Management District (AQMD) has received applications for Permits to Operate from Chevron for the equipment described in the table below. The AQMD has evaluated the applications and made a preliminary determination that the equipment will operate in compliance with all of the applicable requirements of our rules and regulations. The revised portions of the permit and our evaluation report are attached for your review.

Appl. No.	Equipment	Application for
542538	Domed EFR Tank No. 182	Permit to operate without obtaining a permit to construct for modification of the pontoon roof and permit to operate for increase of the vapor pressure limit in condition D22.21 from 9.5 psia to 10.99 psia.
542539	Domed EFR Tank No. 183	Permit to operate without obtaining a permit to construct for modification of the pontoon roof and permit to operate for increase of the vapor pressure limit of condition D22.21 from 9.0 psia to 10.99 psia and increase of the throughput limit of condition C1.104 from 1,146,680 bbl/month to 1,250,000 bbl/month.

This letter is being sent to you via email in order to facilitate your review. If you have any questions or wish to provide comments regarding this project, please contact the processing engineer, Mr. Bob Sanford, at (909) 396-2660 or by email at bsanford@aqmd.gov.

Very truly yours,

Jay Chen
Senior Engineering Manager
