Subject: Proposed Minor Revision to Title V Facility Permit for BP West Coast Products LLC.,
Carson Refinery (Facility ID #131003)

Dear Gerardo:

Enclosed for your 45-day review is the proposed revision to the Title V facility permit for BP West Coast Products LLC (BP) located at 2350 E. 223rd Street, Carson, California. BP's initial Title V permit was issued on September 1, 2009. The revision proposed under application A/N 458527 is a Minor Revision.

The South Coast Air Quality Management District (AQMD) has received application A/N 458527 from BP for approval of its revised Flare Monitoring and Recording Plan (FMRP). The new compliance plan was submitted pursuant AQMD Rule 1118(f)(1)(A). This revised FMRP supersedes the previous FMRP approved under A/N 341699. There will be no impact on emissions as a result of this plan amendment. The AQMD plans to approve the revised plan with the conditions shown in the attached draft approval letter. The revised portion of the permit (Section I of the Title V permit), the draft plan approval letter, and our evaluation report are attached for your review.

This letter is being sent to you via email in order to facilitate your review. If you have any questions or wish to provide comments regarding the proposed FMRP, please contact the processing engineer, Ms. Meredith Hankins at (909) 396-2493 or by email at mhankins@aqmd.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jay Chen", is written over a light blue horizontal line.

Jay Chen P.E.
