

**NOTICE OF PROPOSED
INITIAL TITLE V PERMIT**

The South Coast Air Quality Management District (AQMD) is replacing the existing operating permits that were previously issued to the facility listed below with a new, more comprehensive permit as required by Title V of the Federal Clean Air Act. This is an existing facility applying for an Initial Title V permit.

Lifoam Industries, LLC.

2340 E. 52nd Street
Vernon, CA 90058
Facility ID# 144455

Contact Person:

Mr. Dennis Bevans
General Manager
2340 E. 52nd Street
Vernon, CA 90058

This is an existing facility applying for an Initial Title V permit. This facility is engaged in manufacturing expanded polystyrene (EPS) foam products such as small coolers, food containers, packaging material, and various custom molded products. This facility operates one polystyrene foam expansion/molding system and two boilers. The polystyrene foam expansion/molding system consists of two pre-expanders, 29 aging silos, 19 shape molding presses, and associated conveyors and hoppers. The VOC emissions from the polystyrene foam expansion/molding system are controlled by a regenerative thermal oxidizer.

As required by Title V of the Federal Clean Air Act, AQMD will be reissuing the existing permits in the form of Title V permit. The Title V permit will contain all of the emissions limits and operating conditions contained in the previous permits and may require additional monitoring requirements. The new Title V permit will require additional recordkeeping, mandatory reporting of any violations of permit conditions, and annual certification by the permittee that the facility is in compliance with the new permit. The permit will

be enforceable by the AQMD, the Federal Government, and citizens.

The proposed permit is available for public review at AQMD, 21865 Copley Drive, Diamond Bar, CA 91765 and at the Vernon Public Library, 4305 South Santa Fe Avenue, Vernon, CA 90058. Information regarding the facility owner's compliance history submitted to the AQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the AQMD based on credible information, is also available from the AQMD for public review. For more information or to review additional supporting documents, call the AQMD's Title V hotline at (909) 396-3013. Written comments should be submitted to:

South Coast Air Quality Management District
Chemical & Mechanical Operations Team
21865 Copley Drive
Diamond Bar, CA 91765
Attention: Stephen Jiang

Comments must be received by November 5, 2008. The AQMD will consider all public comments and may revise the Title V permit in accordance with AQMD Rules and Regulations.

The public may request AQMD to conduct a public hearing on the proposed permit by submitting a Hearing Request Form (Form 500-G) to Stephen Jiang at the above AQMD address. The AQMD will hold a public hearing if there is evidence that the proposed permit is not correct or is not adequate to ensure compliance with regulatory requirements, and a hearing will likely provide additional information that will affect the drafting and/or issuance of the permit. A public hearing request form and the public hearing schedule may be obtained from the AQMD by calling the Title V hotline at (909) 396-3013, or from the Internet at <http://www.aqmd.gov/titlev>. Requests for the public hearing are due by October 21, 2008. A copy of the hearing request must also be sent by first class mail to the appropriate facility contact person listed above.
