Subject: Proposed De Minimis Significant Revision to Title V Facility Permit for Chevron Products Co., El Segundo Refinery (Facility ID #800030)

Dear Gerardo:

Enclosed for your 45-day review is the proposed revision to the Title V facility permit for Chevron Products Company (Chevron) located at 324 West El Segundo Blvd, El Segundo, California. Chevron's initial Title V permit was issued on October 12, 2009. The revision proposed is a de minimis significant revision and a public notice is not required.

The South Coast Air Quality Management District (AQMD) has received applications for Permits to Operate from Chevron for the equipment described in the table below. The AQMD has evaluated the applications and made a preliminary determination that the equipment will operate in compliance with all of the applicable requirements of our rules and regulations. The revised portions of the permit and our evaluation reports are attached for your review.

Application No.	Equipment	Application for
504577	External Floating Roof Tank No. 1012	Change of permit condition to allow storage of Hydrobate
511207	External Floating Roof Tank No. 1008	Change of permitted throughput, vapor pressure, and commodity limits

This letter is being sent to you via email in order to facilitate your review. If you have any questions or wish to provide comments regarding this project, please contact the processing engineer, Mr. Bob Sanford, at (909) 396-2660 or by email at bsanford@aqmd.gov.

Very truly yours,

Jay Chen
Senior AQ Engineering Manager
Refinery and Waste Management Permitting
Engineering and Compliance
