This is an existing facility applying for a revision to their Title V permit. The facility operates a storage tank farm. This revision consists of installing four new internal floating roof tanks (299-TK-1501, 299-TK-1502, 299-TK-1503, and 299-TK-1504), modifying three existing fixed roof tanks (299-TK-721, 299-TK-722, 299-TK-501) by converting them to internal floating roof tanks, and installing two internal combustion engines to be used as emergency fire pumps. The tank installations/modifications results in an overall emissions decrease. The revision is considered a significant permit revision since the new storage tanks will be subject to 40 CFR 60 Subpart Kb, and the internal combustion engines will be subject to 40 CFR 60, Subpart III and 40 CFR 63, Subpart ZZZZ. The proposed revision complies with all applicable air quality rules and regulations.

As required by Title V of the federal Clean Air Act, the AQMD will revise the existing Title V permit of this facility to reflect the modifications and installation of the equipment. The Title V permit includes all the emission limits and operating conditions. The facility shall be required to certify compliance with the revised Title V permit in addition to recordkeeping and mandatory reporting of any deviation of the permit conditions. The Title

V permit is enforceable by the AQMD, by the federal government, and by citizens.

The proposed permit is available for public review at AQMD, 21865 Copley Dr., Diamond Bar, CA 91765. The proposed permit can also be viewed at <http://www.aqmd.gov/webappl/PublicNotices/Search.h.aspx> by entering the facility's ID number. Information regarding the facility owner's compliance history submitted to the AQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the AQMD based on credible information, is also available from the AQMD for public review. For more information or to review additional supporting documents, call Mr. Al King, Air Quality Engineer, at (909) 396-2637. Written comments should be submitted to:

Attention: Jay Chen  
Senior Engineering Manager

Comments must be received by February 7, 2010. The AQMD will consider all public comments and may revise the Title V permit in accordance with AQMD rules and regulations.

The public may request AQMD to conduct a public hearing on the proposed permit by submitting a Hearing Request Form (Form 500-G) to Jay Chen at the above AQMD address. The AQMD will hold a public hearing if there is evidence that the proposed permit is not correct or is not adequate to ensure compliance with regulatory requirements, and a hearing will likely provide additional information that will affect the drafting and/or issuance of the permit. Public hearing request forms and the schedule of public hearings may be obtained from the AQMD by calling the Title V hotline at (909) 396-3013, or from the internet at <http://www.aqmd.gov/titlev>. Requests for public hearings are due by January 23, 2010. A copy of the hearing request must also be sent by first class mail to the appropriate facility contact person listed above.
