Adjustments to SOx RECLAIM Trading Credit (RTC) Holdings for Compliance Years 2013 and Beyond

Dear RECLAIM Trading Credit Holder:

On November 5, 2010, the Governing Board of the South Coast Air Quality Management District (AQMD) adopted amendments to its Regional Clean Air Incentives Market (RECLAIM) program that will result in cumulative reductions of 5.7 tons per day, or more than 51 percent reduction, of oxides of sulfur (SOx) from the total RECLAIM program by 2019. The changes are to be implemented in phases, which include total cumulative SOx reductions of: 3 tons per day by 2013, 4 tons per day between 2014 and 2016, 5 tons per day between 2017 and 2018, and an overall amount of 5.7 tons per day by 2019 and beyond.

Pursuant to the amended AQMD Rule 2002 (f)(1), your SOx RTC Holdings as of November 5, 2010 for Compliance Year 2013 and thereafter are adjusted by multiplying the amounts of your current RTC holdings by the following adjustment factors for the corresponding compliance years, to obtain tradable/usable and non-tradable/non-usable holdings:

<u>Compliance Year</u>	<u>Tradable/Usable RTC Adjustment Factor</u>	<u>Non-Tradable/Non-Usable RTC Adjustment Factor</u>
2013	0.7312	Not Applicable
2014	0.6416	Not Applicable
2015	0.6416	Not Applicable
2016	0.6416	Not Applicable
2017	0.5520	0.0896
2018	0.5520	0.0896
2019	0.4893	0.1523
All Years after 2019	0.4893	Not Applicable

On December 3, 2010, you were notified of the adjustments to be made pursuant to AQMD Rule 2002(f) retroactive back to November 5, 2010 and were provided with a summary table of your existing SOx RTC holdings, the adjustments, and the remaining balances. Non-Tradable/Non-Usable RTCs are issued to reflect the amount of RTC that are not to be traded nor used unless the AQMD Governing Board finds that the 12-month rolling average price for SOx RTC exceeds \$50,000 per ton and authorizes the conversion of these Non-Tradable/Non-Usable (either in part or in whole) to tradable and usable RTCs.

Your RTC holdings have been adjusted according to the methodology stated above. Your Facility Permit has been reissued to reflect the changes made to your SOx RTC balances.

The enclosed Facility Permit is also re-issued for Compliance Year 2011 (January 1, 2011 through December 31, 2011). The reissuance is an Administrative Permit Revision to your Title V Facility Permit and only includes Section B (RECLAIM Annual Emission Allocations) in accordance with Rule 2002(b)(4).

Please review the enclosed permit sections carefully, as they will be part of your official Facility Permit. The permit changes are stated below. Please note that the AQMD rules allow you to appeal the terms and conditions of any sections of the enclosed Facility Permit by petitioning the Hearing Board within thirty days of receipt of the permit.

You have recently been sent an invoice for the annual operating renewal fee for your facility permit. This must be paid on or before the due date indicated on the invoice or your facility permit will expire due to non-payment of fees.

A. Facility Permit

The enclosed sections of the Facility Permit contain changes described as follows:

1. The revision number and dates of the Title Page and the Table of Contents have been updated to reflect the reissuance of the enclosed permit sections.
2. Section B – RECLAIM Annual Emission Allocation
Section B has been updated to reflect all approved RECLAIM Trading Credits transactions that have occurred during Compliance Year 2009 and the above mentioned adjustments to SOx RTCs. Please be aware that additional allocation changes may occur as a result of last year's audit.

B. Appeals

As previously mentioned, if you determine that certain changes or clarifications need to be made to any sections of the enclosed sections, you may appeal the terms and conditions by petitioning the Hearing Board within thirty days of receipt of the enclosed sections. If you determine there are administrative errors in these permit sections, please notify AQMD staff within thirty days of receipt of your permit sections. Your facility is still bound by the requirements of your entire Facility Permit while your appeal is under consideration by AQMD staff and/or Hearing Board.

If you have questions, please contact Mr. Danny Luong, Senior Enforcement Manager at (909) 396-2622 or dluong@aqmd.gov.
