**RE: Application #23526**  
**Facility #A0059, University of California, Berkeley**

Dear Ms. Jordan:

This is to inform you that we have issued a revision to the synthetic minor permit for the facility referenced above.

In response to the facility's request, federally enforceable permit conditions limiting greenhouse gases emissions to less than 90,000 tons per year on a CO<sub>2</sub> equivalent basis have been added to the permit.

The revision is effective as of the date of this letter. The synthetic minor permit evaluation and conditions are attached. The District will also notify in writing the California Air Resources Board and the facility of this permit action.

If you have any questions regarding this matter, please call Dennis Jang, Senior Air Quality Engineering, at (415) 749-4707.

Very truly yours,

Signed by Jim Karas
