Subject: Title V Facility Permit Revision, OC Waste & Recycling  
(Olinda Alpha Landfill, Facility ID 050418)

Dear Mr. Giancola:

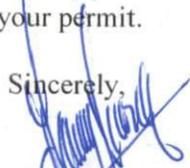

Enclosed please find the revised Title page, Table of Contents and Section H of your Title V Facility Permit. The revised section reflects the approval of a De Minimis Significant Permit Revision of your Title V permit. The South Coast Air Quality Management District (SCAQMD) issued a draft permit for Environmental Protection Agency (EPA) on November 8, 2012 for a 45-day review period, and no comments were received from EPA. No public notice was required for this revision. The revision to Section H includes the revised permit as shown below:

Section H, Permit to Construct

Appl. No.	Equipment	Description
492373	Landfill Gas Collection System	Modification to the LFG collection system, F46965. Also, corrected typographical errors under Administrative Revision.

Please review the attached pages and then insert the enclosed sections in your Title V Facility Permit, and discard the earlier versions. If you have any questions concerning changes to your permit, or if you determine any administrative error, please contact Mr. Gaurang Rawal at (909) 396-2543 within 30 days of the receipt of your permit.

Sincerely,
