RE: De-Minimis Significant Revision (02) to Title V Facility Permit  
Los Angeles County Sanitation District (Calabasas Landfill), Facility ID # 42514

Dear Mr. Ferrante:

Enclosed please find the de-minimis significant revision (No. 2) to the Title V facility permit, for the Los Angeles County Sanitation District (LACSD), Calabasas Landfill (Facility ID 42514), located at Agoura, California. On December 23, 2009, the South Coast Air Quality Management District (AQMD) issued draft permit for Environmental Protection Agency (EPA) review, and no comments were received from EPA.

Enclosed are the revised Table of Contents and Section D. of your Title V Facility Permit. The revised sections reflect the approval of the permit revisions requested in your Title V revision application (A/N 501732) as follows:

Section D: This section has been updated to incorporate the issuance of Permit to Construct and Operate Air Stripper System No. 1 under application No. 501731.

Please review the attached sections carefully. Insert the enclosed sections into your Title V Facility Permit and discard the earlier versions.

The operation of your facility is bound by the conditions and/or requirements stated in the facility Permit to Operate. If you determine that there are administrative errors, or if you have any questions concerning changes to your permit, please contact Mr. Gaurang Rawal, Air Quality Engineer, at (909) 396-2543 within 30 days of the receipt of your permit.

Sincerely,
