Dear Mr. Rios:

Enclosed for you to review is an application for minor Title V permit modification for the facility identified above. General Mills is proposing a Title V minor permit modification to incorporate the recently issued Authority to Construct N-355-21-7 into the Title V operating permit. This applicant is proposing to modify a turbine to add a selective catalytic reduction (SCR) system and to limit NOx emissions to 5 ppmvd for District Rule 4703 compliance.

Enclosed is the engineering evaluation with the following attachments: proposed modified Title V permit, recently issued Authority to Construct N-355-21-7, emission increases, application, and previous Title V permit. Please submit your written comments on this project within the 45-day comment period that begins on the date you receive this letter.

Thank you for your cooperation in this matter. If you have any questions, please contact Mr. Rupi Gill at (209) 557-6400.

Sincerely,
