Legend:

MW-4S Shallow Zone Well	B/W-7I Intermediate Zone Well	B/W-11D Deep Zone Well	B/W-23B Bedrock Zone Well
--	--	--	---

Notes:

- Only water level measurements are obtained at these wells.
- Screen intervals for PW-1S to PW-11S and P-1S are all located in the shallow hydrostratigraphic zone.
- Well screen information is not available for WW-40B, B-2S, B-3S, LC-MW-1S, LC-MW-2S, LC-MW-3S and LC-MW-5S. These Lyon County wells are being temporarily sampled and following data evaluation may be included in the Groundwater Monitoring Program.
- Wells are approximately oriented from south to north.
- Vertical scale is 1" = 60'. No horizontal scale.
