Subject: Proposed Minor Revision to Title V Facility Permit for Chevron Products Co., El Segundo Refinery (Facility ID #800030)

Dear Gerardo:

Enclosed for your 45-day review is the proposed revision to the Title V facility permit for Chevron Products Company (Chevron) located at 324 West El Segundo Blvd, El Segundo, California. The revision proposed under A/N 512104 is a minor revision and a public notice is not required.

The South Coast Air Quality Management District (AQMD) has received applications for Permits to Operate from Chevron for the equipment described in the table below. The AQMD has evaluated the applications and made a preliminary determination that the equipment will operate in compliance with all of the applicable requirements of our rules and regulations. The revised portions of the permit and our evaluation report are attached for your review.

Application No.	Equipment	Application for
513694	Fluid Catalytic Cracking Unit (FCCU)	Revision of condition S42.1, which specifies permitted regenerator catalyst additives, and installation of an air line from the refinery yard air system to be used when the catalyst lift compressor K-11 is out of operation.
502414	FCCU Regenerator SCR	Correction of the model number for the SCR catalyst.

This letter is being sent to you via email in order to facilitate your review. If you have any questions or wish to provide comments regarding this project, please contact the processing engineer, Mr. Bob Sanford, at (909) 396-2660 or by email at [bsanford@aqmd.gov](mailto:bsanford@aqmd.gov).

Very truly yours,
