Mr. Gerardo Rios
Chief – Permits Office
U. S. EPA, Region IX
75 Hawthorne Street, Air 3
San Francisco, CA 94105

Dear Mr. Rios:

Georgia-Pacific Corrugated, LLC (ID 153033) has proposed to revise their Title V permit by adding a flexographic printing press (D56) to replace two existing flexographic printing presses (D4 & D51), changing permit conditions on two existing flexographic printing presses (D51 and D55), and modification to an existing storage silo. This is a corrugated container manufacturing facility (SIC 2679) located at 6300 Regio Avenue, Buena Park, CA 90620. This proposed permit revision as requested under Application Number 526637 is considered as a “deminimis significant permit revision” to their Title V permit. Attached for your review are the permit evaluation and draft permit for the proposed permit revision. With your receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period will begin on February 17, 2012.

If you have any questions or need additional information regarding the proposed permit revision, please call Stacey Ebiner at (909) 396-2504.

Very truly yours,
