SUBJECT: Title V Facility Permit Revision (Facility ID: 149241)

Dear Mr. Anderson:

Please find attached the revised Title Page, Table of Contents, and Section D of your Title V Facility Permit. The revised sections reflect the cancellation of the Permits to Construct granted on October 5, 2010 that were previously requested in the permit revision under Application No. 503253. Pursuant to Rule 205 – Expiration of Permits to Construct, “a permit to construct shall expire one year from the date of issuance unless an extension of time has been approved in writing by the Executive Officer.” It has been over one year since these Permits to Construct were issued and no extension request has been received. Since the regenerative thermal oxidizer has not been installed and the modifications and condition changes have not been made, these Permits to Construct have been canceled.

This permit revision includes the removal of a regenerative thermal oxidizer to vent two existing spray booths and two existing ovens, and change of permit conditions on three spray booths, three ovens and one open spray system as follows.

P/Cs Removed from Facility Permit

Equipment	Application No.	Permit Type
Air pollution control system – new regenerative thermal oxidizer venting two existing spray booths	503254	P/C
Spray Booth, Bldg. 2 - C/C	512870	P/C
Open Spray System, Bldg. 1- C/C	512871	P/C
Solid Surface Post Curing Oven - C/C	512872	P/C
Bowl Gelcoat Curing Oven - C/C	512873	P/C
Matrix Post Curing Oven - C/C	512874	P/C
Oven #1, Bldg. 1- modify to vent to RTO & C/C	512875	P/C
Oven #2, Bldg. 1 - modify to vent to RTO & C/C	512876	P/C
Spray Booth #3, Bldg. 1- C/C	512877	P/C
Spray Booth, Bldg. 2 - C/C	512878	P/C

Mr. Randy Anderson
