Equipment Description

TITLE V PERMIT REVISION

History

This application was submitted 3/8/11 because as of 2/1/11, 100% of the ownership interests in Toyon Landfill Gas Conversion, LLC were acquired by Montauk Energy Holdings, LLC and Montauk assumed operational control of the facility. There is no change to the direct ownership and the name of the site. There are changes to the responsible official and contact person. A new Form 400-A and Form 500-A2 has been submitted. This is an administrative revision which does not require an EPA review or a public notice.

Conclusions and Recommendations

Equipment is in compliance with the Rules and Regulations of the SCAQMD. Recommend reissuing the Cover page, Table of contents and Section A of the Title V permit.
