Title V Facility Permit Revision No. 2 (Facility ID 44577)

Dear Mr. Tripp,

Enclosed, please find the revisions for the Title Page, Table of Contents and Section H of your Title V Facility Permit. The revised sections reflect the approval of a Minor revision of the Title V Permit. The South Coast Air Quality Management District (AQMD) issued a draft permit for Environmental Protection Agency (EPA) review on November 6, 2009 and no comments were received from the EPA. No Public Notice was required for a Minor revision. Changes to your Title V permit are as follows:

Seaction H: Application Nos. 497359 - 497361, by adding powder activated carbon to each of the air pollution control systems.

Application No. 497354, by a adding a powder activated carbon injection system.

Please review the attached pages and then insert the enclosed sections into your Title V Facility Permit and discard the earlier versions. If you have any questions concerning changes to your permit, or if you determine any administrative error, please contact Ted Kowalczyk at (909) 396-2592 within 30 days of the receipt of your permit.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Jay Chen', is written over the typed name.
