Title V Facility Permit, Revision No. 4

Dear Mr. Tripp,

Enclosed please find the revised Title page, Table of Contents, and Section D of your Title V Facility Permit. The revised sections reflect the approval of a Minor Permit Revision of the Title V permit. The South Coast Air Quality Management District (SCAQMD) issued a draft permit for Environmental Protection Agency (EPA) review on November 7, 2013, and no comments were received from the EPA. A Public Notice was not required for the Revision. The revision to Section D includes the revised permit as shown below:

#### SECTION D, PERMIT TO OPERATE

Appl. No.	Equipment	Description
556341	Bottom Ash Handling/Treatment/ Storage System	Include optional portable trommel screen into permit equipment description. This application supersedes and replaces Permit F35537, A/N 312316.

Please review the attached pages and then insert the enclosed sections in you Title V Facility Permit, and discard the earlier versions. If you have any questions concerning changes to your permit, or if you determine any administrative error, please contact Angela Shibata (909) 396-2737, within 30 days of the receipt of your permit.

Sincerely,

Andrew Y. Lee, P.E.
