Dear Mr. Giancola,

Enclosed are the final Title V permit renewals, for the facilities listed above, that have been issued by the South Coast Air Quality Management District (AQMD). These Title V permits supersede the previous Title V Permits issued by the AQMD to OC Waste & Recycling facilities.

The draft copies of these permits were submitted to EPA Region IX for a 45-day review period (Electronic submittal on August 12, 2011) and made available for a 30-day public comment period (August 19, 2011). The AQMD did not receive any comments on the draft permits.

Please review these facility permits carefully. If you determine that there are administrative errors in the permits, have any questions, or need additional information concerning these permits, please contact Charles Tupac of the Refinery and Waste Management Team at (909) 396-2684 within 30 days of the receipt of your permits.

Sincerely,
