Subject: Los Angeles Department of Water and Power Haynes Generating Station
(ID 800074) – Title V Permit Revision

Dear Mr. Rios:

The Los Angeles Department of Water and Power operates the Haynes Generating Station located in Long Beach, CA. They have proposed to revise its Title V permit under Application No. 525556 by updating one permit condition (Condition E193.8) for six gas turbines. This proposed permit revision is considered as a “minor permit revision” to their Title V permit. Attached for your review is the evaluation and proposed Section H. With your receipt of the proposed revision today, we will note that the EPA 45-day review period begins on August 4, 2011.

If you have any questions or need additional information regarding the proposed permit revision, please call Mr. Li Chen (909) 396-2426.

Very truly yours,

A handwritten signature in blue ink, appearing to read "Brian L. Yeh", is written over a diagonal line that extends from the signature area down towards the typed name.
