Subject: Proposed De Minimis Significant Revision to Title V Facility Permit for Chevron Products Co.,
El Segundo Refinery (Facility ID #800030)

Dear Mr. Rios:

Enclosed for your 45-day review is the proposed revision to the Title V facility permit for Chevron Products Company (Chevron) located at 324 West El Segundo Blvd, El Segundo, California. The revision proposed under A/N 543097 is a de minimis significant revision and a public notice is not required.

The South Coast Air Quality Management District (AQMD) has received an application for a Permit to Operate from Chevron for the equipment described in the table below. The AQMD has evaluated the application and made a preliminary determination that the equipment will operate in compliance with all of the applicable requirements of our rules and regulations. The revised portions of the permit and our evaluation report are attached for your review.

Appl. No.	Equipment	Application for
543096	IFR Tank No. 290	Permit to operate without obtaining a permit to construct for modification of the pontoon roof and permit to operate for reduction of the vapor pressure limit from 10.99 psia to 7.24 psia and increase of the throughput limit from 76,042 bbl/month to 136,288 bbl/month.

This letter is being sent to you via email in order to facilitate your review. If you have any questions or wish to provide comments regarding this project, please contact the processing engineer, Mr. Bob Sanford, at (909) 396-2660 or by email at bsanford@aqmd.gov.

Very truly yours,
