Dear Mr. Rios:

Enclosed for your review and comment are the District's proposed revised Title V operating permit F-00502-8, Statement of Basis Addendum, Public Notice, Authority to Construct (ATC), and associated evaluation for Insulfoam, LLC. The facility is located at 1155 Business Park Drive in Dixon, CA.

This notification is given in accordance with District Rule 3.8, Section 409.1 (a 30-day public notice comment period) and Sections 409.1.e and 411 (a concurrent 45-day regulatory review period) for a significant Title V permit modification. The proposed revisions are necessary due to the changes authorized by issued ATC C-10-65, which authorized installation of a new structural insulated panel manufacturing operation.

The notice of preliminary decision for this project will be published in the Dixon Tribune newspaper approximately three days from the date of this letter. Please submit your written comments concerning this project within the 45-day comment period which will begin on the date that the documents are received by your agency. The District respectfully requests notification of the date that the enclosed documents are received.
