SUBJECT: A/N 458950- Rule 480 Natural Gas-Fired Control Devices Plan (for Natural Gas Shortage or Curtailment)

Dear Mr. Leonard:

The South Coast Air Quality Management District has reviewed your Rule 480 Natural Gas-Fired Control Devices Plan submitted July 19, 2006 and revised October 13, 2010, with additional documentation submitted in 2013. This plan is for control devices C3805, C3806 and C3493 at the above facility.

Based on our review of the information provided to us, your compliance plan is approved subject to the following conditions:

1. Implementation of this plan shall be in accordance with all data and specifications submitted with this application under which approval is granted unless otherwise noted below.
2. In the event of a natural gas curtailment or shortage, Chevron Products Company shall discontinue or curtail production as necessary to ensure compliance with all AQMD Rules and Regulations and Permit Conditions.

If you have any questions regarding this plan, please contact Ms. Janice West at 909-396-3763.

Sincerely,

Danny Luong, P.E.
