Subject: Proposed De Minimis Significant Revision to Title V Facility Permit for BP West Coast Products LLC

Dear Gerardo:

Enclosed for your 45-day review is the proposed revision to the Title V facility permit for BP West Coast Products LLC (BP) located at 2350 E. 223rd Street, Carson, California. BP's initial Title V permit was issued September 1, 2009. The proposed revision is a De Minimis Significant Revision and a public notice is not required.

The South Coast Air Quality Management District (AQMD) has received applications for Permits to Construct and Operate from BP for the equipment described in table below. The AQMD has evaluated the applications and made a preliminary determination that the equipment will operate in compliance with all of the applicable requirements of our Rules and Regulations. The revised portions of the permit and our evaluation reports are attached for your review.

Application No.	Equipment	Application for
419002	Storage Tank No. 619	Modification allowing the tank to relieve excess tank pressure into the atmosphere through a pressure control valve
419003	Storage Tank No. 620	Same as above
497452	Firewater Sump	New construction of a sump to provide water for BP firefighting training facility
497869	Hydrogen Plant No. 2	Modification to existing hydrogen plant to replace an existing deaerator with a new and better efficient unit
499006	Superfractionation Unit	Modification to existing superfractionation unit to convert three out-of-service accumulators into knock out pots to resolve liquid overflow issues in this system
499007	Naphtha Splitter Unit	Modification to existing naphtha splitter unit to connect the pressure relief valve of a surge drum currently vents to atmosphere to the South Area Flare
501926	South Area Flare System	Modification to existing flare to allow a new tie-in from the Naphtha Splitter Unit

Cleaning the air that we breathe...

This letter is being sent to you via email in order to facilitate your review. If you have any questions or wish to provide comments regarding this project, please contact the processing engineers, Ms. Hanh Le, at (909) 396-2522 (hle@aqmd.gov) or Mr. Rafik Beshai, at (909) 396-3611 (rbeshai@aqmd.gov).

Sincerely,

Jay Chen
