Application No.
APCD2011-APP-001657

In accordance with San Diego County Air Pollution Control District's (District) Regulation XIV, a preliminary decision has been made for an initial Title V operating permit APCD2013-PTO-00036 for El Cajon Energy, LLC.

In accordance with Regulation XIV – Rule 1415 (a) & (d), the District is concurrently providing public notice of the proposed permit and a 30-day period for public review and comment. This notice will be placed in a legal newspaper and posted on the District's website.

Enclosed for EPA review are application forms, the proposed Title V Operating Permit, and the Statement of Basis. The District is requesting that EPA determine whether information submitted is sufficient and make any requests for additional information in accordance with the understanding reached with CAPCOA.

The District intends to issue the proposed Title V Operating Permit shortly after this review period if no significant comments are received from the public and no objections are received from Region IX. If significant comments or objections are received, the District will proceed in accordance with Regulation XIV, Rule 1415 requirements.
