Mr. Gerardo Rios
Chief – Permits Office
U. S. EPA, Region IX
75 Hawthorne Street, Air 3
San Francisco, CA 94105

Dear Mr. Rios:

Hitco Carbon Composites, Inc. (ID 800066) has proposed to revise their Title V/RECLAIM permit by installing six new autoclaves and changing permit conditions on twenty-eight existing VOC emitting equipment. This revision also includes the removal of an abrasive blasting cabinet and filter (D99 & C100) and three tanks (D28, D29 & D30) from Section D. This is an aerospace composite manufacturer (SIC 3089) located at 1600 West 135th Street, Gardena, CA 90249. This proposed permit revision as requested under Application Number 535986 is considered as a “deminimis significant permit revision” to their Title V/RECLAIM permit. Attached for your review are the permit evaluation and draft permit for the proposed permit revision. With your receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period will begin on October 4th.

If you have any questions or need additional information regarding the proposed permit revision, please call Stacey Ebiner at (909) 396-2504.

Very truly yours,

A handwritten signature in black ink that reads "Ed Muehlbacher" with a stylized flourish at the end.
