**Re: Issuance of Minor Revision to Class I (Title V) Air Quality Operating Permit
AP3241-0387.02 for Nevada Cement Company; FIN A0030**

Dear Mr. Rios:

Enclosed please find the revised sections of Class I Air Quality Operating Permit AP3241-0387.02 for the Nevada Cement Company (NCC) facility located in Fernley, Nevada. The minor revision to NCC's Class I Operating Permit includes the addition of three (3) alternative modes of operation. New Systems 6A and 12A both have identical throughputs to Systems 6 and 12 respectively, however, System 6B includes a reduction in throughput compared to System 6. Please refer to the letter dated July 5, 2012 for response to comments received from your office on June 7, 2012.

If you have any questions, please contact Sarah Smith of my staff at (775) 687-9539, or sasmith@ndep.nv.gov.

Sincerely,

Jeffrey Kinder, P.E.
Supervisor, Permitting Branch
Bureau of Air Pollution Control
