

Chicago Grade Landfill

Attachment D – Public Notice Text

Pursuant to Rule 216, Federal Part 70 Permits, of the San Luis Obispo County Air Pollution Control District Rules and Regulations, the Air Pollution Control Officer (APCO) has made a preliminary decision to grant a Federal Clean Air Act Title V permit for the Chicago Grade Landfill. This facility is located at 2290 Homestead Road, Templeton, California. The requirement for a Title V permit was triggered by CalRecycle's issuance of a Solid Waste Facility Permit that increased the landfill capacity. No immediate increase in the facility's air contaminant emissions are expected because the daily refuse acceptance rate is not changing.

Written public comments regarding the preliminary decision are requested by the District for a period of 30 days after publication of this notice and comments will receive due consideration before final action is taken. A public hearing to receive comment on this proposed decision has not been scheduled, but one may be requested by writing to the APCO.

The District is also providing the U.S. Environmental Protection Agency (USEPA) with a 45-day review and objection period for this proposed decision. If the USEPA does not object in writing, any person may petition the USEPA Administrator within 60 days after the expiration of the Administrator's 45-day review period to make such objection. Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period unless the petitioner demonstrates that it was impractical to raise such objections within such period or unless the grounds for such objection arose after such period.

The Application Number 4217 and the District's Staff Report, which sets forth the legal and factual basis of the proposed permit, are available for inspection weekdays between 8:00 a.m.-12 noon and 1:00-5:00 p.m. at the District's office, 3433 Roberto Court, San Luis Obispo, California. The District contact person for this proposed permit is Dean Carlson: 805-781-5912 or dgarlson@co.slo.ca.us. Written comments on the proposed decision or a request for public hearing may be mailed to:

Larry R. Allen, Air Pollution Control Officer
Air Pollution Control District
3433 Roberto Court
