Mr. Gerardo Rios
U.S. EPA, Region IX
75 Hawthorne Street
San Francisco, CA 94105

Dear Mr. Rios:

The South Coast Air Quality Management District (AQMD) has received from Beta Offshore a Title V application, A/N 517837, for a "minor permit revision."

The modification under this minor permit revision includes the proposed alteration of 5 crane engines permits by the addition of the oxidation catalyst to reduce VOC emissions to meet Rule 1110.2 requirements.

The AQMD is required under Rule 3005(e) to provide a copy of the proposed permit to the EPA Administrator for a 45-day review. As such, a copy of the proposed revision to the existing Title V permit is attached along with our engineering analysis for your review. If you have any questions or wish to provide comments regarding this project, please call Mr. Chandrashekhar S. Bhatt (909) 396-2653 or Mr. Rob Castro (909) 396-2552.

Very truly yours,
