Re: Preliminary Determination for Minor Modification to the Federal Operating Permit (11800001) and Application for District Permits (B011738 and C011737)

Dear Mr. Rib:

The Mojave Desert Air Quality Management District (District) has completed the Federal Operating Permit (FOP) Modification Preliminary Determination on the proposed applications for the Slurry Lime Injection System at Mitsubishi Cement Corporation (MCC) located in Lucerne Valley. This proposed action constitutes a Minor Modification to MCC's FOP (11800001). Enclosed please find the Preliminary Determination, prepared pursuant to District Regulations XII and XIII. Written comments on this document will be accepted through May 11, 2013. The District expects to issue the final FOP on or about May 13, 2103, after the forty-five (45) day USEPA FOP commenting period ends.

If you have any questions regarding this action or the enclosure, please contact, Sheri Haggard, Air Quality Engineer, at (760) 245-1661, extension 1864, or shaggard@mdaqmd.ca.gov.

Sincerely,

Christopher A. Collins
Supervising Air Quality Engineer
