**Re: Notice of Minor Title V Permit Modification
District Facility # C-799
Project # C-1113291**

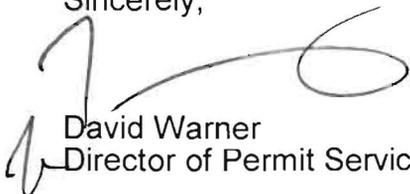

Dear Mr. Osborne:

Enclosed is the District's analysis of your application for minor Title V permit modification for the facility identified above. You proposed a Title V minor permit modification to incorporate recently issued Authority to Construct C-799-6-4 into the Title V operating permit. The applicant proposes to install one pickup hood with one blower feeding one of the two plastic collection boxes, remove feed hopper and feed conveyor, relocate Doppstadt rotating screen to the feed hopper location, and relocate blower #3 discharge from one plastic collection box to the other.

Enclosed is the engineering evaluation with the following attachments: proposed modified Title V permit, recently issued Authority to Construct C-799-6-4, emission increases, application, and previous Title V permit. This project will be subject to a 45-day EPA commenting period prior to the District taking final action.

Thank you for your cooperation in this matter. If you have any questions, please contact Mr. Jim Swaney at (559) 230-5900.
