Subject: FW: epa water

I guess you did not receive my email, or you did not reply, so for the record, drill has destroyed our water we, had to get a water system because of our water was bad. We are not the only ones here in Clearville,pa. our address is 116 rock hill church road, Clearville,pa. 15535 or wayneandangel@embarqmail.com or 814-784-0020 so please we want to be apart of the record on our water being affected by drilling and gas storage!
Thank you! Smith
