Notice is hereby given that the Department of Environmental Protection (MassDEP or the Department), acting in accordance with the provisions of Massachusetts General Laws Chapter 30A, Chapter 111, Sections 142A through 142O, and 310 CMR 7.00: Appendix A(9)(b) and the Code Federal Regulations (CFR), Title 40, Part 51.161, will hold a public hearing on, and offer for public comment:

- (1) the PROPOSED PLAN APPROVAL; and
- (2) the DRAFT PREVENTION OF SIGNIFICANT DETERIORATION (PSD) PERMIT.

In addition, this is a:

- (3) Notice of Section 61 Findings (incorporated into the proposed Plan Approval).

The Proposed Plan Approval and Draft PSD permit concern Footprint Power Salem Harbor Development LP's proposed construction and operation of a nominal 630 megawatt (MW) combined cycle electric generating facility to be located at 24 Fort Avenue, Salem, MA. With duct firing under summer conditions, the facility will be capable of generating an additional 62 MW, for a total of 692 MW. The purpose of the Proposed Plan Approval and Draft PSD Permit is to allow for commencement of construction of the facility and its operation, and provide information on the project description, best available control technology (BACT), lowest achievable emission rate (LAER) and emission offsets, emission control systems, facility limits, continuous emission monitors, record keeping, reporting and testing requirements, in accordance with 310 CMR 7.00: Appendix A, 310 CMR 7.02 and 40 CFR 52.21. MassDEP will not issue a final plan approval or final PSD permit unless and until EFSB has issued the approval required by Massachusetts General Laws, M.G.L. c. 164, Section 69J1/4.

An air quality impact analysis showed that the facility's air emissions will not cause a significant impact on the air quality of contiguous states, nor violate federal and state Air Quality Standards, federal emission standards for Hazardous Air Pollutants, any State Air Quality guidelines, nor exceed PSD increments.

MassDEP hereby proposes to approve the application and hereby issues the Proposed Plan Approval and Draft PSD Permit to:

Applicant: Mr. Scott G. Silverstein
