

2/10/11

Discussion w/ Sarah Easton - Fort Carson

Issues w/ EISA? - asked Sarah

Response

1. funding
2. to take up water - grass turns to
weedy mess. grass has been resistant
at first to take but coming in
3. maintenance of UDI/EI - mostly education
4. Like that MS4 permit gives ~~us~~
"teeth" to implementing EISA
5. Don't talk to Air Force Bases so
don't know why they ~~have~~ ~~pro~~
Say Fort Carson is having difficulty
implementing EISA^{-like} requirements in
MS4 permit
