## MARICOPA COUNTY AIR QUALITY DEPARTMENT NOTICE OF PROPOSED AIR QUALITY PERMIT AND PUBLIC HEARING

Start of Public Comment Period: December 16, 2015  
End of Public Comment Period: January 22, 2016

Maricopa County Air Quality Department at 1001 N. Central Avenue, Phoenix, AZ 85004, has received a significant revision application from the following facility:

APS Ocotillo Power Plant, 1500 E University Dr, Tempe, AZ 85281  
Proposed Permit Number: V95007  
Facility Type: Power Plant

Owner name and address: Arizona Public Service  
400 N 5<sup>th</sup> St, Phoenix, AZ 85004

Air contaminants to be emitted: Products of Combustion, Volatile Organic Compounds, Particulate Matter, Hazardous Air Pollutants

The department will hold a public hearing to discuss the proposed permit:

Location: Escalante Community Center  
2150 E. Orange St.  
Tempe, AZ 85281

Date and Time: January 19, 2016, Start Time 6:00 p.m.

The purpose of this notice and hearing is to receive comments from the public for the proposed air quality permit. Comments should address whether the proposed permit meets the criteria for issuance in accordance with Arizona Revised Statutes (ARS) §§ 49-426, 49-427 and 49-480. In accordance with §§49-426 and 49-480.02 of the ARS, any person may submit written comments to the Permitting Division Manager at 1001 N. Central, Suite 125, Phoenix, AZ 85004. Any written comment shall state the name and mailing address of the person, shall be signed by the person, his agent, or his attorney and shall clearly set forth reasons why the permit should or should not be issued. Grounds for comment are limited to whether the proposed permit meets the criteria for issuance as prescribed in ARS §49-426, §49-480, or §49-481.

Members of the public may comment in person, at the hearing, through either oral statements to a court reporter or through written statements. In addition to providing oral or written comments at the hearing, any person may submit written comments to the department at its address above provided they are received no later than Friday, January 22, 2016, 5:00 p.m.

This Significant Revision to the APS Ocotillo Power Plant Modernization Project will incorporate the following changes to the facility:

- Install five new natural gas-fired GE Model LMS100 simple cycle turbines and associated equipment, including a hybrid Partial Dry Cooling System
- Install two 2.5 MW natural gas-fired Emergency Generators
- Retire two existing steam generating units and associated cooling towers
- The two existing turbines will no longer be able to burn diesel fuel and will only burn natural gas

The Maricopa County Air Quality Department's assessment of the APS Ocotillo project is as follows:

- The Ocotillo plant will utilize highly efficient simple-cycle gas turbines.

- The PSD permitting requirements apply to the Project only for carbon monoxide (CO), particulate matter less than 100 microns (PM), particulate matter less than or equal to 2.5 microns (PM2.5), and greenhouse gas (GHG) emissions. The proposed control technologies and emission limits for these pollutants represent the Best Available Control Technology (BACT) for simple-cycle gas turbines.
- After the first new GT commences operation, the Ocotillo Plant will no longer be a major source of particulate matter less than or equal to 10 microns (PM10).
- The nonattainment NSR permitting requirements do not apply to the Project.
- The air quality impacts of the Project are insignificant when compared to EPA impact thresholds.

The application, proposed Technical Support Documentation and proposed permit may be reviewed online at <http://www.maricopa.gov/aq/news/PublicNotices.aspx>. Additional information may be obtained by contacting the Permit Engineer, Henry Krautter, at (602) 506-7302 or by submitting a public record request online at [http://www.maricopa.gov/aq/contact\\_us/public\\_records/Default.aspx](http://www.maricopa.gov/aq/contact_us/public_records/Default.aspx).

Re: Air Quality Permit: Arizona Public Service Corp  
– Ocotillo Power Plant

Dear Mr. McNeely:

The above-referenced permittee submitted an application for revisions to its Title 5 Air Quality Permit in connection with the operation of its power plant located at 1500 E. University Drive, Tempe, Arizona. A public hearing was held on January 19, 2016.

In accordance with the provisions of Arizona Revised Statutes, §§49-426, 49-427 and 49-480, the public hearing was held on January 19, 2016 at the Escalante Community Center, 2150 E. Orange St., Tempe, Arizona for the purpose of receiving public comment about the proposed permit. The record of that public hearing is hereby transmitted to you for your consideration.

It is my opinion that the record represents a true, accurate and complete transcription of that proceeding. Although there were members of the public present, no one offered any comments or asked any questions to be included in the public record of the hearing. The record was held open until Friday, January 22, 2016 for receipt of written comments. The questions and comments requiring a written response will be provided by the Department in a Responsiveness Summary. All persons who wished to comment about this permit application were permitted to do so.

The complete hearing record, including the transcript of hearing, indicates that no public statement, comment, declaration or objection was received which would form the basis, as prescribed in Arizona Revised Statutes, §§49-480 and 49-481, for prohibiting the Maricopa County Air Quality Department from issuing the applied for permit.

Sincerely,

A handwritten signature in cursive script, appearing to read "Harold J. Merkow".

Harold J. Merkow  
Hearing Officer

MARICOPA COUNTY AIR QUALITY DEPARTMENT NOTICE OF PROPOSED AIR QUALITY PERMIT AND PUBLIC HEARING

Start of Public Comment Period: December 16, 2015 End of Public Comment Period: January 22, 2016 Maricopa County Air Quality Department at 1001 N. Central Avenue, Phoenix, AZ 85004, has received a significant revision application from the following facility: APS Ocotillo Power Plant, 1500 E University Dr, Tempe, AZ 85281 Proposed Permit Number: 985007 Facility Type: Power Plant Owner name and address: Arizona Public Service, 400 N 5th St, Phoenix, AZ 85004 Air contaminants to be emitted: Products of Combustion, Volatile Organic Compounds, Particulate Matter, Hazardous Air Pollutants The department will hold a public hearing to discuss the proposed permit: Location: Escalante Community Center, 2150 E. Orange St, Tempe, AZ 85281 Date and Time: January 19, 2016, Start Time 6:00 p.m. The purpose of this notice and hearing is to receive

comments from the public for the proposed air quality permit. Comments should address whether the proposed permit meets the criteria for issuance in accordance with Arizona Revised Statutes (ARS) §§ 49-426, 49-427 and 49-480. In accordance with §§ 49-426 and 49-480.02 of the ARS, any person may submit written comments to the Permitting Division Manager at 1001 N. Central, Suite 125, Phoenix, AZ 85004. Any written comment shall state the name and mailing address of the person, shall be signed by the person, his agent, or his attorney and shall clearly set forth reasons why the permit should or should not be issued. Grounds for comment are limited to whether the proposed permit meets the criteria for issuance as prescribed in ARS 49-426, 49-427, or 49-480. Members of the public may comment in person, at the hearing, through either oral statements to a court reporter or through written statements. In addition to providing oral or written comments at the hearing, any person may submit written comments to the department at its address above provided they are received no later than Friday, January 22, 2016, 5:00 p.m. This Significant Revision to the APS Ocotillo Power Plant Modernization Project will incorporate the following changes to the facility: • Install five new natural gas-fired GE Model LMS100 simple cycle turbines and associated equipment, including a hybrid Partial Dry Cooling System • Install two 2.5 MW natural gas-fired Emergency Generators • Retire two existing steam generating units and associated cooling towers • The two existing turbines will no longer be able to burn diesel fuel and will only burn natural gas The Maricopa County Air Quality Department's assessment of the APS Ocotillo project is as follows: • The Ocotillo plant will utilize highly efficient simple cycle gas turbines.

• The PSD permitting requirements apply to the Project only for carbon monoxide (CO), particulate matter less than 100 microns (PM1), particulate matter less than or equal to 2.5 microns (PM2.5), and greenhouse gas (GHG) emissions. The proposed control technologies and emission limits for these pollutants represent the Best Available Control Technology (BACT) for simple cycle gas turbines. • After the first new GT commences operation, the Ocotillo Plant will no longer be a major source of particulate matter less than or equal to 10 microns (PM10). • The nonattainment NSR permitting requirements do not apply to the Project. • The air quality impacts of the Project are insignificant when compared to EPA impact thresholds. The application, proposed Technical Support Documentation, and proposed permit may be reviewed online at <http://www.maricopa.gov/air/news/PublicNotices.aspx>. Additional information may be obtained by contacting the Permit Engineer, Henry Krautter, at (602) 506-7302 or by submitting a public record request online at [http://www.maricopa.gov/air/contact\\_us/public\\_records/Default.aspx](http://www.maricopa.gov/air/contact_us/public_records/Default.aspx). MARICOPA COUNTY AIR QUALITY DEPARTMENT NOTICE OF PROPOSED AIR QUALITY PERMIT AND PUBLIC HEARING Start of Public Comment Period: December 16, 2015 End of Public Comment Period: January 22, 2016 Maricopa County Air Quality Department at 1001 N. Central Avenue, Phoenix, AZ 85004, has received a significant revision application from the following facility: APS Ocotillo Power Plant, 1500 E University Dr, Tempe, AZ 85281 Proposed Permit Number: V95007 Facility Type: Power Plant Owner name and address: Arizona Public Service, 400 N 5th St, Phoenix, AZ 85004 Air contaminants to be emitted: Products of Combustion, Volatile Organic Compounds, Particulate Matter, Hazardous Air Pollutants The department will hold a public hearing to discuss the proposed permit. Location: Escalante Community Center, 2150 E. Orange St, Tempe, AZ 85281 Date and Time: January 19, 2016, Start Time 6:00 p.m. The purpose of this notice and hearing is to receive

comments from the public for the proposed air quality permit. Comments should address whether the proposed permit meets the criteria for issuance in accordance with Arizona Revised Statutes (ARS) §§ 49-426, 49-427 and 49-480. In accordance with §§49-426 and 49-480.02 of the ARS, any person may submit written comments to the Permitting Division Manager at 1001 N. Central, Suite 125, Phoenix, AZ 85004. Any written comment shall state the name and mailing address of the person, shall be signed by the person, his agent, or his attorney and shall clearly set forth reasons why the permit should or should not be issued. Grounds for comment are limited to whether the proposed permit meets the criteria for issuance as prescribed in ARS 49-426, 49-427, or 49-480. Members of the public may comment in person, at the hearing, through either oral statements to a court reporter or through written statements. In addition to providing oral or written comments at the hearing, any person may submit written comments to the department at its address above provided they are received no later than Friday, January 22, 2016, 5:00 p.m. This Significant Revision to the APS Ocotillo Power Plant Modernization Project will incorporate the following changes to the facility: • Install five new natural gas-fired GE Model LMS100 simple cycle turbines and associated equipment, including a hybrid Partial Dry Cooling System. • Install two 2.5 MW natural gas-fired Emergency Generators. • Retire two existing steam generating units and associated cooling towers. • The two existing turbines will no longer be able to burn diesel fuel and will only burn natural gas. The Maricopa County Air Quality Department's assessment of the APS Ocotillo project is as follows: • The Ocotillo plant will utilize highly efficient simple-cycle gas turbines.

• The PSD permitting requirements apply to the Project only for carbon monoxide (CO), particulate matter less than 100 microns (PM<sub>10</sub>), particulate matter less than or equal to 2.5 microns (PM<sub>2.5</sub>) and greenhouse gas (GHG) emissions. The proposed control technologies and emission limits for these pollutants represent the Best Available Control Technology (BACT) for simple-cycle gas turbines. • After the first new GT commences operation, the Ocotillo Plant will no longer be a major source of particulate matter less than or equal to 10 microns (PM<sub>10</sub>). • The nonattainment NSR permitting requirements do not apply to the Project. • The air quality impacts of the Project are insignificant when compared to EPA impact thresholds. The application, proposed technical support documentation and proposed permit may be reviewed online at <http://www.maricopa.gov/air/news/PublicNotices.aspx>. Additional information may be obtained by contacting the Permit Engineer, Henry Krautter, at (602) 506-7302 or by submitting a public record request online at <http://www.maricopa.gov/air/contact-us/public-records/default.aspx>. PUBLIC NOTICES

for Public Auction No. 53-118055, at the ASLD, 1616 West Adams Street, Phoenix, Arizona, from 8:00 a.m. to 4:30 p.m., exclusive of holidays and weekends. THE TOTAL AMOUNT WILL BE DUE AND PAYABLE ONE YEAR FROM THE DATE OF AUCTION. The successful bidder may discharge the entire debt at any time, within one year after the auction date, per A.R.S. § 37-241, by paying the remaining balance of the amount bid for the Subject Property, with interest thereon, and the Patent Fee.

(C) Upon the successful conclusion of the auction, the successful bidder shall complete an ASLD Assignment Application to the City of Phoenix for Right of Way File No. 16-118536.

(D) Within 30 days after the auction date the successful bidder must pay:

- 1. The additional amounts due according to the Option elected on the day of auction pursuant to Terms of Sale (B) above; and
2. A Selling and Administrative Fee of 2% of the purchase price, less the amount paid under Terms of Sale (A)(2) above; and
3. The actual legal advertising cost, less the amount paid under Terms of Sale (A)(3) above.

(E) The Commissioner has determined that partial patents and payment extensions will not be allowed for this transaction.

(F) The ASLD Commissioner has determined that, when and if the successful bidder performs all acts required to become entitled to a Certificate of Purchase or a Patent, a Broker Commission shall be paid from the Selling and Administrative Fee collected by ASLD pursuant to A.R.S. §37-107(B)(1) to a broker otherwise eligible to receive a commission under Arizona Administrative Code: Title 12, Natural Resources: Chapter 5, Land Department: Article 4, Sales (R12-5-413). The Broker Commission shall not exceed \$300,000.00 and shall be paid from the Selling and Administrative Fee. Any fee collected in excess of a brokerage commission paid shall be collected and retained by ASLD. No commission shall be paid to the broker until a Certificate of Purchase or a Patent has been issued to the successful bidder by ASLD.

(G) Upon issuance of a Certificate of Purchase or Patent, in accordance with Paragraph (B) of these Terms of Sale, the IPA Reimbursement Amount shall be disbursed pursuant to the IPA upon delivery by the successful bidder and Developer (as defined in the IPA) of the executed Assignment Notice to the City. Copies of the IPA, associated documents and form of Assignment Notice are located in the purchase application file.

ADDITIONAL CONDITION(S): Development of the subject area is subject to ASLD's Individual 404 Permit for Paradise Ridge Project, Department of the Army, Permit No. 1999-16129-RWF, dated May 2, 2002 ("Permit"), including all exhibits and special conditions attached thereto, and the related water quality certification, by the Arizona Department of Environmental Quality, dated October 12, 2001, as they may be amended and/or extended by ASLD. Prospective bidders are advised to investigate the terms of the Permit; the successful bidder and/or assigns shall comply with all terms and conditions of the Permit. The successful bidder shall sign all necessary transfer forms, pursuant to the Permit, upon the successful conclusion of the auction.

BIDDING INFORMATION: (A) The time of sale shall be deemed to be the time of declaration of the highest and best bidder. The bidding will begin at the appraised value of \$36,350,000.00. A bid for less than the appraised value of the Subject Property or by a party who has not inspected the land and/or the associated files and records of ASLD will not be considered. Additional bidding increments shall be a minimum of \$100,000.00 thereafter. Bidding will be conducted orally.

(B) All bidders must sign an affidavit stating that they have undertaken due diligence in preparation for the auction, that their representative is authorized to bid and bind the bidder and that they are purchasing the Subject

responsibility to research the records of local jurisdictions, all ASLD files pertinent to the purchase application file including the purchase application file, and all other public agencies regarding this Subject Property, Notice is hereby given that the Subject Property shall be purchased in an "AS-IS" condition "WITH ALL FAULTS", with no representation or warranty being made by ASLD of any type or nature. All bidders shall acknowledge and agree pursuant to the aforementioned affidavit that they are purchasing the Subject Property solely upon the basis of their own due diligence and investigation of the Subject Property and not on the basis or any representation, express or implied, written or oral, made by ASLD or its agents or employees, except as set forth in writing herein. Without limiting the generality of the foregoing, notice is hereby given that ASLD makes no warranty as to the following: (a) the physical condition or any other aspect of the Subject Property, including, but not limited to, the uses to which the Subject Property may be put, the ability to construct additional improvements or modify existing improvements on any portion of the Subject Property or the ability to obtain building permits for any portion of the Subject Property, the conformity of the Subject Property to past, current or future applicable landscaping, parking, zoning or building code requirements, the existence of soil instability, past soil repairs, soil additions or conditions of soil fill, susceptibility to landslides, sufficiency of undershoring, water retention characteristics of the Subject Property, drainage onto or off of the Subject Property, the location of the Subject Property either wholly or partially in a flood plain or a flood hazard boundary or similar area, or any other matter affecting the stability or integrity of the Subject Property or any improvements constituting the Subject Property; or (b) the sufficiency of the Subject Property for purchaser's purposes or as to its continued operating conditions or usefulness. All implied warranties, including, without limitation, WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, are hereby expressly disclaimed. This notice shall survive the delivery of the Certificate of Purchase and Patent for the Subject Property.

(C) Pursuant to A.R.S. §37-240(B), the successful bidder must be authorized to transact business in the state of Arizona no later than ten (10) business days after the auction. The successful bidder must sign an affidavit stating it is the successful bidder and sign a Certification Statement pursuant to A.R.S. Title 37 and the Rules of ASLD. (D) If the successful bidder fails to complete the payments as stated in the auction notice together with the additional required fees within 30 days from the auction date, all amounts paid at the time of auction by the successful bidder will be forfeited and deemed rent with the exception of the IPA Reimbursement Amount, which shall be forwarded to PR4E, LLC as a payment under the Infrastructure Payback Agreement.

(E) In the event of forfeiture, the ASLD Commissioner may declare that the bid placed before the final bid accepted is the highest bid, and that the bidder has five (5) days after notification by ASLD to pay by cashier's check all amounts due.

(F) A representative of the bidder, other than the registered broker/salesperson, must attend and bid on behalf of the bidder.

BROKER INFORMATION: In the event the potential bidder is represented by a broker seeking a broker commission pursuant to A.R.S. §37-132(B)(2), it is the responsibility of both the potential bidder and the designated broker to register with ASLD no later than three (3) business days prior to the date of auction. Registration must be submitted on the ASLD's Broker Registration/Bidder Certification form in accordance with R12-5-413. Original signatures of Broker, Salesperson, and Potential Bidder must all appear on one form. Facsimile copies will not be accepted by ASLD. The real estate broker/salesperson of the successful bidder who has so registered with ASLD for this Auction

**MARICOPA COUNTY AIR QUALITY DEPARTMENT**  
**NOTICE OF PROPOSED AIR QUALITY PERMIT AND PUBLIC HEARING**  
Start of Public Comment Period: December 16, 2015  
End of Public Comment Period: January 22, 2016  
Maricopa County Air Quality Department at 1001 N. Central Avenue, Phoenix, AZ 85004, has received a significant revision application from the following facility:  
APS Ocotillo Power Plant, 1500 E University Dr, Tempe, AZ 85281  
Proposed Permit Number: V95007  
Facility Type: Power Plant  
Owner name and address: Arizona Public Service  
400 N 5th St, Phoenix, AZ 85004  
Air contaminants to be emitted: Products of Combustion, Volatile Organic Compounds, Particulate Matter, Hazardous Air Pollutants  
The department will hold a public hearing to discuss the proposed permit:  
Location: Escalante Community Center 2150 E. Orange St.  
Tempe, AZ 85281  
Date and Time: January 19, 2016, Start Time 6:00 p.m.  
The purpose of this notice and hearing is to receive comments from the public for the proposed air quality permit. Comments should address whether the proposed permit meets the criteria for issuance in accordance with Arizona Revised Statutes (ARS) §§ 49-426, 49-427 and 49-480. In accordance with §§49-426 and 49-480.02 of the ARS, any person may submit written comments to the Permitting Division Manager at 1601 N. Central, Suite 125, Phoenix, AZ 85004. Any written comment shall state the name and mailing address of the person, shall be signed by the person, his agent, or his attorney and shall clearly set forth reasons why the permit should or should not be issued. Grounds for comment are limited to whether the proposed permit meets the criteria for issuance as prescribed in ARS 49-426, 49-480, or 49-481.  
Members of the public may comment in person, at the hearing, through either oral statements to a court reporter or through written statements. In addition to providing oral or written comments at the hearing, any person may submit written comments to the department at its address above provided they are received no later than Friday, January 22, 2016, 5:00 p.m.  
This Significant Revision to the APS Ocotillo Power Plant Modernization Project will incorporate the following changes to the facility:  
o Install five new natural gas-fired GE Model 1A1S109 simple cycle turbines and associated equipment, including a hybrid Partial/By Cooling System  
o Install two 2.5 MW natural gas-fired Emergency Generators  
o Retire two existing steam generating units and associated cooling towers  
o The two existing turbines will no longer be able to burn diesel fuel and will only burn natural gas.  
The Maricopa County Air Quality Department's assessment of the APS Ocotillo project is as follows:  
o The Ocotillo plant will utilize highly efficient simple-cycle gas turbines.  
o The PSD permitting requirements apply to the Project only for carbon monoxide (CO), particulate matter less than 100 microns (PM<sub>100</sub>), particulate matter less than or equal to 2.5 microns (PM<sub>2.5</sub>), and greenhouse gas (GHG) emissions. The proposed control technologies and emission limits for these pollutants represent the Best Available Control Technology (BACT) for simple-cycle gas turbines.  
o After the first new GT commences operation, the Ocotillo Plant will no longer be a major source of particulate matter less than or equal to 10 microns (PM<sub>10</sub>).  
o The nonattainment NSR permitting requirements do not apply to the Project.  
o The air quality impacts of the Project are insignificant when compared to EPA Impact thresholds.  
The application, proposed Technical Support Documentation and proposed permit may be reviewed online at <http://www.maricopa.gov/air/news/PublicInfoPages.aspx>. Additional information may be obtained by contacting the Permit Engineer, Henry Krautter, at (602) 506-7302 or by submitting a public record request online at [http://www.maricopa.gov/air/contact\\_us/public\\_records/default.aspx](http://www.maricopa.gov/air/contact_us/public_records/default.aspx).

# CITY OF TEMPE FACILITY USE POLICIES

*Policies for Tempe Facilities Tempe City Code, Chapter 23, Article III, Division, 2 Sections 23-56 & 23-57.  
Please read these policies carefully and make certain that **all** members of your group are familiar with them.*

## Facility Request Form

This form can be obtained online or in person at the requested facility, and must be completed in full and submitted to that facility for consideration. The request form should be submitted at least two weeks prior to the requested date.

All activities must be under competent, adult supervision (18 years or over), with the organization using the facility assuming full responsibility for any damage to the facility or equipment used. The use of facilities and special equipment shall be issued by the Community Services employee on duty through the responsible party ONLY.

The total number of people admitted for any usage shall not exceed the capacity of the assigned room as determined by an official designated by the Community Services Department and/or the City Fire Marshall.

## Verification of Building Use

Verification of reserved meeting space is contingent upon final approval by the Community Services Department. Nothing is finalized until you have received a Facility Use Permit that is signed by the Permittee and a designee of the Community Services Department. Do not advertise your meeting or event until you have received the final permit from the facility.

## Permittee must:

- Return to the facility a signed copy of the Facility Use Permit.
- Submit payment by the deadline set by the facility.
- Be present throughout the time that the facility is in use.
- Ensure that all activity is confined to the rented area.

## Prohibited Activities

- Tobacco use and smoking inside the facility.
- Bringing alcoholic beverages into the facility.
- Attaching material of any kind to any part of the facility without written permission.
- Any use that detracts from general public enjoyment or use of the facility, or interferes with facility maintenance.

## Reservation Changes/Cancellations

Changes to, or cancellation of, reservations must be made within two (2) business days (Monday through Friday) of the reservation and may be made ONLY by the Permittee. Any requests made during the scheduled activity must be made by the Permittee.

If the facility is not notified of a cancellation, the permit holder will forfeit all fees associated with the reservation.

All permits are made on a calendar year basis. Permits may be reissued each year with approval.

## Staff Responsibilities

The Community Services Department employee on duty shall exercise authority over the organization and its activities. If adult supervision is inadequate, it is the responsibility of the staff person to report it to the facility supervisor.

## Facility Set-up/Clean-up

Set-up and clean-up of the contracted area will be the responsibility of the Permittee. The user shall be charged on an hourly basis to pay for clean-up if it is necessary for the City to provide additional clean-up services. A clean-up deposit may be required if deemed necessary. No furniture/equipment shall be moved into the facility without permission. Any property remaining at the facility after the event will be disposed of or recycled. The Permittee must ensure that all facilities and requested equipment are left in good order.

- Requested time must include time for set-up and clean-up.
- All attendees must vacate the facility by closing time unless permission is otherwise granted.

## Certificate of Insurance

The City of Tempe may require a Certificate of Insurance. If required, the Certificate must state at least the following minimum liability coverage:

- A. Bodily Injury \$1,000,000
- B. Property Damage \$ 100,000

Additionally, on the Certificate of Insurance the following must be stated:

- The City of Tempe is named as an additional insured.
- This insurance is primary to the City of Tempe's self-insurance retention.

## Prioritization

Per Tempe City Policy the prioritization for the use of these City facilities is as follows:

1. City use
2. Community partners
3. Tempe not-for-profit organizations
4. Tempe residents
5. Non-resident, not-for-profit organizations
6. Non-residents
7. For-profit organizations

Permits are revocable if any rule is violated.

I have read and understand Tempe City Code, Chapter 23, Article III, Division, 2, Sections 23-56 & 23-57.
