From: Susan Murphy, Permit Writer

Re: November 25, 2014 Supplemental Comments submitted by John Hall

EPA received the above document, characterized by the sender as “supplemental comments” on the Taunton WWTP Draft Permit, by email on November 25, 2014. Note the public comment period on the Draft Permit closed on June 17, 2013 and therefore this is not a timely comment pursuant to 122 C.F.R. 40 C.F.R. § 124.17(a)(2), and therefore no response is required. EPA has included the document in the Administrative Record for the Final Permit and considered the content of the comment as follows:

This “supplemental comment” has no substantive content and is essentially a restatement of issues in ongoing FOIA litigation. EPA notes that the Administrative Record for the Final Permit is available for public review and that this permit writer specifically invited this commenter to come to EPA’s office to review said record; that invitation was declined.
