RE: Change of Ownership of a Withdrawal Permit, Number 59-562120.0003 A.R.S. § 45-514

Dear Permittee:

The Arizona Department of Water Resources ("Department") is in receipt of your request for a change of ownership of a Mineral Extraction and Metallurgical Processing Permit No. 59-562120.0003. Pursuant to A.R.S. § 45-520(B), a Mineral Extraction and Metallurgical Processing Permit "may be conveyed only for the same use, subject to the approval of the director."

The Department's review of the relevant information establishes that all the requirements for the change of ownership of a mineral extraction and metallurgical processing permit set forth in A.R.S. § 45-520(B) have been met. This letter is the Decision of the Director of Water Resources to grant a change of ownership for Mineral Extraction and Metallurgical Processing Permit No. 59-562120.0003.

Enclosed is your permit for your records. The permit specifies the annual amount of groundwater that may be withdrawn pursuant to your permit and the location of the well or wells from which you are authorized to withdraw groundwater.

This is also an Official Notice of conservation requirements and monitoring and reporting requirements that apply to your industrial use. These requirements are contained in the Third Management Plan (TMP) for the Pinal Active Management Area, and became effective January 1, 2002.

As a person who uses water not supplied by a city, town or private water company for a non-irrigation use, you are considered an industrial user. You are required to comply with the conservation requirements and monitoring and reporting requirements for all industrial users in sections 6.2.5 of the TMP. Those requirements are set forth in the enclosed *Attachment TMP-All Industrial Users*. Additional specific requirements have been established in the TMP for the following industrial users: turf-related facilities, sand and gravel facilities, power plants, dairy operations and cattle feedlot
